RED CLOVER—Market on debatable ground; another two weeks should tell what the crop will be. Acreage largest in years. Some late reports are to the effect that heads are not filling; these conditions may be only local.

ALSIKE—Crop about normal. Our Ohio seed runs extra high in purity.
WE ARE BUYERS OF ALL KINDS OF FIELD SEEDS. MAIL SAMPLES FOR BIDS

All quotations are F. O. B. Toledo, subject to market changes. Terms Net Cash.
